Noting that a review had been ordered of one case involving an alleged overallowance of \$600,000 in taxes to one company, Senator Conzens said special investigators were now working on other cases which will be taken up this week by the committee. He invited the public to send in suggestions for simplifying the procedure of the bureau as well as the statutes.

"This lack of uniformity," Senator Couzens declar,d, "worked great injus tice to some tax payers and excessive reductions in taxes to others. The injustice arose, not because the evidence schowed that many tax payers paid taxes they should not pay but rather that tax payers were relieved should have not been relieved.

"For example a large concern on th Pacific coast was allowed a claim by the United States Shipping Board volving \$800,000 and the same claim Bureau, thus losing to the government onra \$600,000 in taxes. It developed clear case of lack of proper working a rangements between the two depart ments, the responsibility for which WASHINGTON, December 15, -- (By) upon the Internal Revenue Bureau,

"The committee has said that an fort will be made to collect this \$600. 000, and if it is collected, as the committee says it should, fully ten times the cost of the committee's work will have been collected in one case. "The committee found other cases

where claims were allowed for amortization on plants and equipment purworld war and yet it was clearly provided by statute that only mnortization was to be allowed on war plants and war equipment which were purchased after we entered the war.

"The committee has come across cases of what look like what is termed in Wall street as 'washed sales' for the that the bureau has not given sufficient consideration to these attempts evade taxes. Tax payers have made excessive claims for amortization alleging that they purchased excess facilities for war purposes. Laxity in fixing the extent of the use of these plants subsequent to the war has developed in our hearings."

15 .- (By the Associated ress) -Th of Paul V. Hadley and Theodore West, hanged for murder in the Arizona state prison at Florence, are at present scientific exhibitions in the museum of the Carnegie Institute in Philadelphia, Pa., according to a statement last night by R. B. Sims, warden of the penitentiary whose trial on charges of siding in "the mutilation of the dead odies of two human beings" is set for Thursday.

Both skulls are now on exhibition in the institute museum and are identified only by number, Warden Sims said.
